Thanks Koto. I will share this with the Ag CZARA Tech team. I will also work to get questions to you before the call.

Again, thanks.

Alan

Subject: Biennial Review guidance

Alan

Good morning.

I am sending you a copy of the latest draft biennial review guidance document. This document has been drafted in order to facilitate the basin coordinators to provide comments to ODA during biennial reviews in a consistent manner.

Do you and others have any specific requests for me for the call next week? If there are specific questions that you'd like me to answer, please feel free to provide them to me ahead of time.

Thank you, and have a good weekend.
Koto
